PROFILE

Visionary UX/UI Designer & Frontend Architect with 12+ years turning friction into fluidity. Known for delivering sleek, scalable, and award-winning digital experiences across healthcare, government, and enterprise platforms. From launching full-scale design systems to rebuilding outdated frameworks with modern tech like React and Tailwind, I don't just design interfaces I craft intuitive user journeys that leave a mark. **Founder of IndigoGraphix.**

CORE SKILLS

UX/UI Design Systems • React.js + Tailwind • 508/WCAG Accessibility • HCD + UX Research
Figma Prototyping • HTML5 / CSS3 / JavaScript • CMS: Sanity, WordPress, SharePoint
Analytics-Driven Design • Agile/Scrum • Usability Testing • Leadership & Mentorship

EXPERIENCE

Senior UX Designer III @ FORTRA Web Security

Remote | Dec 2022 – Present

- Engineered a next-gen UX system, elevating consistency across a multi-product ecosystem.
- Designed mobile-first flows & interactive prototypes using Figma, HTML, and JS.
- Delivered VPAT/508 compliance, creating inclusive and accessible solutions.
- Modernized Classic ASP tools into high-performing React interfaces.

UI/UX Designer @ USAA (Insurance & Banking)

San Antonio, TX | Nov 2019 – Dec 2022

- Owned UX strategy for enterprise HR systems impacting 30K+ employees.
- Led high-fidelity prototyping for employee tools with seamless workflows.
- Championed accessibility and brand adherence across internal platforms.
- Powered UX iteration via real-time analytics + user interviews.

UI/UX Designer @ National Institute of Health (National Health Lung & Blood Association)

Bethesda, MD | Sep 2017 – Nov 2019

- Created NHLBI's full-stack digital design system.
- Built intranet dashboards, portals, and interface components across HTML5, WordPress, Drupal, and .NET.
- Delivered accessibility-first experiences through rigorous workflow testing.

Senior UX Designer @ Office of the Inspector General (US Postal Service)

Washington, DC | Jan 2016 – Aug 2017

- Reimagined SharePoint UX into a mobile-first, visually engaging web platform.
- Designed tools for fraud tracking (iOS, Android, Web) from ideation to delivery.
- Integrated Aurelia.js and Kendo UI for advanced interactivity.

Senior Web Developer @ NRG Reliant Energy

Houston, TX | Jul 2015 – Jan 2016

- Launched responsive SPAs and campaign microsites with JS, PHP, and REST APIs.
- Directed full-cycle UX—from journey mapping to live testing.

UX/Mobile Developer @ ExhibitForce

Houston, TX | Apr 2013 – Jun 2015

- Delivered hybrid mobile experiences & led migration from Classic ASP to MVC.
- Conducted task analysis and prototyping to refine event tech experiences.

Lead Web Designer @ TriHealth

Cincinnati, OH | Apr 2007 – Mar 2013

- Rebuilt and migrated 30+ hospital websites to ASP.NET CMS.
- Drove award-winning redesigns: Webby & WebMarketing accolades.
- Led SharePoint UX revamp and CMS onboarding across departments.
